

Mount Carmel School, Ahmedabad was established in 1923. Ever since, she has been valiantly marching on, close to hitting a century in 2023.

Down the years, she has nurtured this garden of Carmel bit by bit. And what has evolved is a beautiful heaven of peace.

Moments of joy, sad and also turbulent at times, have added up to 97 long years. Carmel is a beacon of light to the society. Through the decades she has sent out thousands of Carmel lights (Carmelites) who have illumined not only their own lives but have also kindled the desire to achieve among their fellow companions in the society.

It is now time to come back to their roots. It is time to connect with one another and form the Mount Carmel Alumni Association. May this Association gear up for the centenary celebrations which will commence in January 2022 and light the path for this institution to march on as valiantly to that horizon of peace and serenity.
